

January 20, 2021

Dear valued Customer,

We are glad to announce that we are changing the family name of our smart air quality monitoring system from 'GRETA' to 'LAMINAR'. The name change is aligned with the evolving product capabilities and its positioning in the market. The change effective from the announcement date shall reflect on our website and marketing collaterals.

Coinciding with the name change, our air quality monitoring system has progressed to 4th generation with enhanced capability, maintainability and aesthetic. Continuous improvement is the norm at Aeron and we are confident that you'll appreciate the enhancements made in the product. We remain available for your feedback and suggestions.

We would like to take this opportunity to thank you for your continued trust in us and would like to serve your future orders with new product family name.

Yours sincerely,

Ashvani Shukla
CEO
Aeron Systems Pvt. Ltd.
